DETAILED ACTION

Allowable Subject Matter

1. Claims 9-12 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose or suggest, *inter alia*, a step up switching converter comprising: a first semiconductor switch arranged in a series connection with a storage inductor and a sensor resistor, a control electrode of the first switch being connected via a first resistor to the input voltage, the first resistor constituting the operating resistor of a second semiconductor switch, a voltage drop of the sensor resistor is fed to a control electrode of the second switch as an indicator of current through the storage inductor, and a connection of the storage inductor connected to the first switch being connected to a rectifier diode to an output capacitor and to a series RC element to the control input of the second switch.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
